Swim Spray.....www.swimspray.com
SwimSpray is the #1 chlorine removing product on the market for skin and hair. Simply mist SwimSpray on your skin and hair and rinse off in shower. The results are instantaneous. Your shampoo will lather better and your skin will no longer itch and your hair will feel softer. SwimSpray is a very potent, pharmaceutical grade Vitamin-C, concentrated and pH-balanced—and packaged to stay viable and not degrade. It is designed to be pure; no added fragrances or colors. The product works at the molecular level, neutralizing the bond that chlorine has with the proteins in hair and skin—boosting your shampoo and body wash.

We were first to focus on salt-friendly products. We have a full line of unique pool slides that complement backyard decor.
